SAFETY INSTRUCTION

1. Never push objects of any kind, or spill liquid of any kind into these products.
2. Do not attempt to service this product yourself, as opening or removing covers may expose you to dangerous voltage points or other risk. Refer all servicing to qualified service personnel, if any misuse mentioned above happened or any accident dropping, miss-operations occurred.

7. Security notes

The unit is only suitable for indoor use. The heat being generated in the unit has to be removed via air circulation. Therefore, the circulation vents at the housings must not be covered with any objects. Do not insert or drop anything into the air vents! This could result in a short-circuit. If the unit is used for purposes other than originally intended, if it is connected in the wrong way or not repaired by authorized skilled personnel, there is no liability for possible damage. To cleaning only use a dry, soft cloth, by no means chemicals or water. .If the unit is to be put out of operation definitively, bring it to a local recycling plant for disposal.

8. Technical Data

LCD technology: TFT active matrix

Display size: Diagonally measured 10.4"

Color system: NTSC and PAL Dual System

Sync.:Hor. 15 625 Hz, Vert. 50 Hz.

Resolution: 800 x 600

Audio level: 1V/10k

Power supply: 12V 1A

Model No.: LM1054HD

Dimensions 285.0x 180.0x38.5 mm

Weight: 1400g
